How to assemble

Remove glass door / Vertical bracket for graphics card / top cover for side panel	04
Remove multi-function bracket	05
Remove power supply unit compartment	05
Remove the water cooling rack	06
Install the motherboard I/O baffle	07
Remove the slot baffle of graphics card	07
Install the motherboard	08
Introduction of multifunctional bracket	09
Install the graphics card horizontally	10
Install the bracket for graphics card vertically	11
Install the adapter for vertical graphics card	11
Install the vertical graphics card and shielding	12
Install the power supply unit	13
Install fans/radiators(the standard model for water cooling rack)	16
Install fans/radiators(the rising model for water cooling rack)	18
Fan and water cooled installation options	20
Install hard drive	21
Cables management & routing position	23
Cables Position for vertical installation of power supply unit	24
Install the top cover of side panel	25
Install glass door/fragrance	26

SPECIFICATIONS

Case Type	Mid-Tower
Materials	Steel 1.0mm/1.2mm, Tempered Glass T3.0mm
Product Dimension (H x W x D)	(395~430) mm × 215mm × 410 mm (15.6"~16.9") × 8.5" × 16.1"
Drive Bay	Max: 2 × 3.5" / 4 × 2.5"
M/B Compatibility	E-ATX (12" × 11") , ATX , M-ATX , ITX
Power Supply Compatibility	PSII:Horizontal installation length < 150mm Vertical installation length < 180mm (PSU > 180mm,graphic card length < 310mm)
I/O Ports	USB 3.0 × 2, HD Audio(CTIA two-in-one headphone/microphone),Type-C
Expansion Slots (Maximum Space)	PCI-E × 7:Length<405mm / Width <168mm Lateral PCI-E × 2: Length<405mm (No bottom fans) / height < 50mm
Thermal Solution	Top : 120/140mm fan×2 Lifting mode:240mm Radiator (Length < 306mm/Width < 173mm/Thickness < 66mm) Rear : 120mm Fan x 1 120mm Radiator Bottom:120mm Fan x 3/140mm Fan x 2 360 Radiator (Length<400mm /Width < 126mm/Thickness < 77mm) Footstand inside : 120mm Fan x 3/140mm Fan x 2
CPU Heatsink	Height<164mm

FEATURE

GEOMETRIC
FUTURE
Model 4 User Guide

Multiple installation modes	Up to 4 installation modes,it could be large or small
All-round steel cannon	MATX volume,but E-ATX Compatibility
Durable Materials	1.0mm+1.2mm steel plate
Excellent Heat Dissipation	Support 360+240 radiators, 360 radiator could be easily added a row of fans just like hamburger
Rich I/o Extension Ports	Equipped with USB3.1 Type-C 10Gbps
Superior Compatibility	Support Giant graphics card with 405mm × 4 slots

PARTS KIT INCLUDES

Socket Head Cap Screw

Function:The spare screws
Remark: #6-32
Quantity:5

Power Cable Tie

Function:Arranging PSU cable
Remark:D77 x W20 x H20
Quantity:1

Copper Stud

Function:Fix the motherboard
Remark:Outside #6-32 / inside M3
Quantity:3

3.5" HDD Screw

Function:3.5 Hard Disk/
Graphics Card/PSU
Remark:#6-32
Quantity:19

Nylon Cable Tie

Function:Arranging cables
Remark:L 150
Quantity:8

Copper Stud Cover

Function:match with copper stud
Remark:PH2
Quantity:1

Round Head Screw

Function:Motherboard/ 2.5 Hard Disk
Remark:M3
Quantity:19

HOW TO ASSEMBLE

GEOMETRIC
FUTURE
Model 4 User Guide

1 Remove the glass door/Vertical bracket for graphics card/ top cover for side panel

PH2

Step 1 Open/Lift the glass revolving door

Step 2 Loosen one thumb screw/remove the graphics card bracket

Step 3 Remove the clip/Lift up and then move out the side plate

HOW TO ASSEMBLE

GEOMETRIC
FUTURE
Model 4 User Guide

2 Remove multi-function support bracket

PH2

Step 1 Loosen three screws/remove the multi-function support bracket

3 Remove the PSU cover

Step 1 Loosen six screws/Sliding pin then remove the PSU cover to the right
(Note that the hook comes off)

4 Remove the water cooling rack

Step 1 Loosen three screws/lift and remove the water cooling rack

5 Install the I/O baffle

6 Remove the graphics card baffle

Motherboard mounting hole locations table

I	ITX
M	Micro-ATX
A	ATX
E	E-ATX

7 Install the motherboard

8 Multifunctional support bracket introduction

- Function 1: Support the PSU cover
- Function 2: Install 2.5" hard disk
- Function 3: Support horizontal graphics card

⚠ Equipped with 1 multifunctional support bracket

9 Install graphics card horizontally

- Step 1 Pre-lock the bracket on the graphics cards
- Step 2 Then lock it to the chassis

The four rows of holes correspond to the graphics card slots on the motherboard

10 Install graphics card vertically

- Step 1 Lock the graphics card bracket/remove the protection cover

11 Install the adapter board for vertical graphics card

! The adapter board and accessories need to be purchased separately

- Step 1 Fix the hex stud screws on the board/lock the adapter board

HOW TO ASSEMBLE

GEOMETRIC
FUTURE
Model 4 User Guide

12 Install graphics card vertically and the protection cover

- Step 1 Remove the graphics card baffle/lock
- Step 2 Lock the graphics card's protection cover

GEOMETRIC
FUTURE
Model 4 User Guide

HOW TO ASSEMBLE

13 Install the PSU

- Step 1 Lock PSU horizontally

Step 2 Install the PSU cover

- Sliding pin to the hole and right slide to the bottom
- Lock the PSU cover

Step 3 Sliding pin to the hole and right slide to the bottom

14 Install fans/radiators(standard state)

PH2

Step 1 Attach the decorative sheet for the PSU cover(needs to bought separately)

Step 2 Lock the fans on the rear panel

Step 3 Lock the radiator on the bottom

PH2

Step 4 Lock the top fans/Align the slide rails and the hanging table/lock the water cooling bracket

(Note: Screws are supplied by fan/water cooling products)

15 Install fans/radiator(Lifting mode for water cooling bracket)

Step 1 Lock the fans in the foot stand

Step 2 Lock the top radiator/Align the hanging table/lock the bracket

(Note:Screws are supplied by fan/water cooling products)

16 Fans and water cooling installation options

17 radiator/fan

Step 1 The thumb screws removed and then take down the HDD bracket/lock the HDD/SSD(equipped with 3 brackets)

• Lock 2.5 SSD

- Lock the 3.5 HDD

- The brackets support multiple directions

18 Cable arrangement and the tie position

Step 1 Cable arrangement (The dotted lines are the routing paths/the red frame is the tie position)

19 The routing position for PSU vertically installation

20 Install the top cover for the side panel

- Step 1 The slide nail of the the side panel be aligned with the hole/inserted downward
- Step 2 Press the top three clips/flatten the top cover

Standard state

Lifting state

21 Install the glass door/fragrance

Step 1 Align hinge pivot downward into the glass revolving door

Step 2 The fragrance is magnetized to the top of the case

install the revolving door

Align hinge pivot downward into the glass revolving door

install the fragrance

The fragrance is magnetized to the top of the case

! Note: The fragrance needs to be purchased separately

FOUR INSTALLATION METHODS RECOMMENDED

GEOMETRIC
FUTURE
Model 4 User Guide

Four installation methods recommended

Standard state

Horizontal graphics card&PSU,120 fan on the rear
360 radiator on the bottom,120/140 x 2 fan on the top

Standard state

Vertical graphics card,horizontal PSU,120 fan on the rear
120 x 3 / 140 x 2 fan in the footstand,120/140x 2 on the top

Lifting state

Horizontal graphics card,Vertical PSU,120 fan on the rear
120 x 3 / 140 x 2 fan in the footstand,120/140x 2 on the top

Lifting state

Vertical graphics card& PSU,120 fan on the rear
120 x 3 / 140 x 2 fan in the footstand,240 radiator on the top

PRECAUTIONS

PRECAUTIONS

1. Please assemble in strict accordance with the steps shown in this Manual.
2. In the process of installing computer products, please wear wrist strap and protective gloves. For products or components that are assembled powered on, the correct connection method and wiring sequence should be strictly followed, otherwise it may lead to the burn of computer motherboard and other hardware or personnel injury.
3. Do not use this product for any purpose beyond the specified use. Do not modify this product to avoid failure and damage to this product and related components.
4. If you want to handle this product and its contents, please remove all components inside this product first, so as to avoid damage to this product and related components, and avoid personal injury.
5. In case of any question about product assembly or use, please consult our customer service to obtain correct guidance before operating.
6. If the product and components are damaged due to unauthorized assembly, the manufacturer will only provide paid service to replace the components.

WARRANTY

1. This warranty does not cover:

- Products that are used for the purpose of leasing, artificially damaged, not used for normal purposes and improperly handled;
- Product damage caused by natural disasters, including lightning, fire, flood, earthquake and other natural disasters;
- Products whose original factory identification such as product serial number has been modified or removed;
- Products not installed according to the User Manual.

2. For information about the warranty coverage of this product, please visit Geometric Future's website www.GeometricFuture.com.

3. The actual products may vary and the pictures shall serve as reference only. Suzhou Geometric Future Creative Technology Co., Ltd. reserves the right of final modification and interpretation.
